

VIGGO C8.1

VIGGO C8.1 OVERVIEW

The Viggo C8.1 represents the latest evolution of one of Viggo Boats' most respected designs. Developed in Sweden and crafted from marine grade aluminium, this refined eight metre cabin boat builds on the success of the original C8, a model that has earned a loyal following among owners seeking a high performance craft capable of confident operation in demanding conditions.

Since its introduction, more than 150 C8 hulls have been delivered, establishing the platform as a modern classic among fast aluminium boats. The updated hull benefits from optimised weight distribution and extended planing surfaces, resulting in improved trim, stability and handling when navigating challenging seas or strong beam winds.

The exterior layout has been thoughtfully enhanced. The aft deck has been extended to provide greater usable space, while the transition between cockpit and the swim platform has been streamlined too.

The result is a sophisticated aluminium cabin boat that combines proven performance, modern refinement and enduring Scandinavian style.

DIMENSIONS

LOA:	8.2m
Beam:	2.3m
Draft:	<1.0m
Weight incl. Engine:	1,900kg
Bottom Angle:	24 degrees
Fuel Capacity:	350ltrs
CE Category:	C
Engine Size:	300-500hp

ENGINE CONFIGURATION

The Viggo C8.1 can be configured with a single outboard ranging from 300-500hp with speeds exceeding 65 knots with the larger engine.

ENCLOSED CABIN

An enclosed cabin is a key feature of the Viggo C8.1, offering a warm dry cockpit in all sea states. A central raising door offers a walkthrough cockpit from the foredeck to the stern.

HULL

The Viggo C8.1 runs with a deep-vee hull with a bottom angle of 24 degrees. With no hull steps, the X8 is very responsive on the helm and slices through waves like a knife through butter.

CONSTRUCTION

Hand built in marine grade aluminium with all seams fully hand welded, giving a superbly well built hull that is lightweight and extremely strong.

VIGGO C8.1 OPTIONAL EXTRAS

NAVIGATION EQUIPMENT

Navigation package NSS:

- GPS-compass V200n | Transducer P79| Radar Halo 20" Doppler

Navigation package NSS+:

- MFD NSS 16" | GPS-compass V200n | Transducer P79 | Radar Halo 24" Doppler

Simrad 15" Ultra wide (port side)

Simrad VHF RS100B

COMFORT ON BOARD

Commander Package

- 4kW diesel heater incl. additional defroster fans | Wireless charging phone holder | Bowthruster | Trim tab levers

Standard audio system package

Premium Bowers & Wilkins audio system package

Remote start for heater

Cabin & exterior deck lighting incl. remote control

30L drawer fridge

Sleeping solution incl. blackout blinds

Fitted marine carpets in cabin

5G package with onboard WiFi

C8 Marine toilet

Hand-stitched cabin grab handles

DECK EQUIPMENT & SAFETY GEAR

Table with fittings for cabin & foredeck

Foredeck cushion set

Remote-controlled search light

Anchor windlass incl. 10kg stainless steel anchor

Remote control for anchor windlass

Class 3 midship locking cleats incl. mooring line

Bow rubber protection

Cargo loops on foredeck

Bow ladder

Work light

Viggo C8.1 bow light

Anti-theft package (Securmark, NorthTracker & Engine Lock)

HELM

Joystite with electric steering & autopilot

Proportional bow thruster upgrade

Electric steering system

Steering wheel controls for Trim & Tilt

Horn

LED chart light

Sunshade for front & side windows
